Product Description: A range of drawer boxes to complement the modular shelving units enabling you to combine these units within your racking system. Fitted with heavy duty Zinc plated full extension ball bearing drawer slides. Manufactured from quality 12mm hardwood Plywood, giving strength and also keeping weight to a minimum. Constructed using traditional mortise and tenon joints in the front, back, base and sides making the units extremely durable and strong. The drawers are supplied fully assembled that then simply need bolting between side panels.

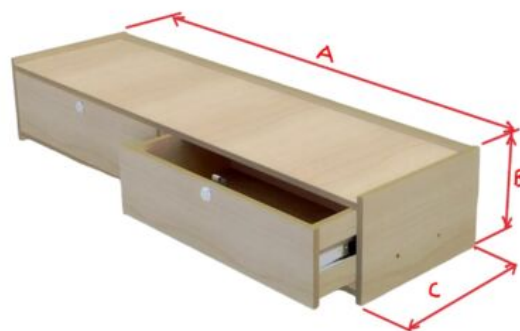

- Mounting height is adjustable in 50mm increments.
- Multiple units can be stacked on top of each other.

Either choose from the options to Exchange a shelf with a drawer or add additional drawer, additional shelves and drawers can be added subject to available space. A full fixing kit is provided along with fitting instructions.
