**Product Description:** Fits Ford Transit Connect DRIVER SIDE 2014 to present Material Choices - Choose from the drop down menu the following material construction:

- Manufactured using quality 12mm hardwood Plywood, giving strength and also keeping weight to a minimum.
- 12mm Hexaboard plywood, giving a highly attractive as well as resilient finish. External faces are Phenolic Hexagonal Pattern the other side Smooth Phenolic, 120gm

Both options are constructed using traditional mortise and tenon joints in the front, back, base and sides making the units extremely durable and strong. Shelf Heights are adjustable in 50mm increments The shelving units are supplied fully assembled that then simply need bolting between side panels. A full fixing kit is provided along with fitting instructions. Both options are constructed using traditional mortise and tenon joints in the front, back, base and sides making the units extremely durable and strong. Shelf Heights are adjustable in 50mm increments The assembly consists 2Nr modules to form an installed length of 1500mm in the van.

**Storage Racks:** A 3 tier storage units manufactured from quality 12mm thick hardwood Plywood. with removable 6mm plywood dividers at approximately 120mm spacings which gives the added benefit of a very flexible storage rack. Simply add or remove to suit your requirements.

**Power Tool / Tool box storage:** A 5 Tier power tool / tool box storage unit with angle trays which are height adjustable in 50mm increments

**Notes:** Some trimming of end panels may be required due to differences in ply lining kits. This unit is designed to fit around the black plastic trim over the wheel arch.
