Price: £158.00 - £221.00

Stock: N/A

Categories: [Ford Transit Custom 14-22 Shelving](#), [Variable for ebay](#)

Product Description: Designed to fit into the side door for access from outside the van. The unit is intended to attach to the standard racking module that fits over the rear wheel arch, either SWB (FTCSWB) or LWB (FTCLWB) models. The shelving system is manufactured using quality 12mm hardwood Plywood, giving strength and also keeping weight to a minimum. Constructed using traditional mortise and tenon joints in the front, back, base and sides making the units extremely durable and strong. Shelf Heights are adjustable in 50mm increments The shelving units are supplied fully assembled that then simply need bolting between side panels.

- Shelf Heights are adjustable in 50mm increments
- The shelving units are supplied with 6mm plywood dividers that slide into machined grooves. These can be added or removed to change the number of compartments required.
- The product is not handed ie this will fit in either the RH or LH side of the van
