Product Description: The assembly consists of 2 modules. Unit 1 - sliding door module Has four sloping shelves for Toolboxes and power tool boxes internal clearance width is 590mm, accessible from outside the vehicle Unit 2 - Over wheel arch A 3 tier shelving unit supplied with 6mm plywood dividers that slide into machined grooves, these can be added or removed to change the number of compartments required. The shelving system is manufactured using quality 12mm hardwood Plywood, giving strength and also keeping weight to a minimum. Constructed using traditional mortise and tenon joints in the front, back, base and sides making the units extremely durable and strong. Shelf Heights are adjustable in 50mm increments The shelving units are supplied fully assembled that then simply need bolting between side panels. A full fixing kit is provided along with fitting instructions.

- Shelf Heights are adjustable in 50mm increments
- The product is handed and will fit the RH side of the van
