Category: [Volkswagen Crafter Shelving](#)

Product Description: This fits the **NEW 2017 model** The assembly consists of 3Nr modules to form an installed length of 2850mm in the van. The shelving system is manufactured using quality 12mm hardwood Plywood, giving strength and also keeping weight to a minimum. Constructed using traditional mortise and tenon joints in the front, back, base and sides making the units extremely durable and strong. Shelf Heights are adjustable in 50mm increments. The shelving units are supplied fully assembled that then simply need bolting between side panels. A full fixing kit is provided along with fitting instructions.

- Qty of Shelves: 8Nr (4 rows)
- Qty of dividing sections per shelf: 6Nr (1000), 7Nr (1350)
- Qty of drill box shelves: 6Nr
- Shelf Heights are adjustable in 50mm increments
- The shelving units are supplied with 6mm plywood dividers that slide into machined grooves. These can be added or removed to change the number of compartments required.
- The product is not handed ie this will fit in either the RH or LH side of the van..

Notes: Some trimming of end panels may be required due to differences in plylining kits. Please note that extra shelving rows can be requested for an additional cost. For more information / enquiries, please [Contact Vanrack](#) |
